Applying for Recognition of Prior Learning (RPL)

(14) Applications for Recognition of Prior Learning require the provision of relevant documentation as listed above in evidence requirements.

(15) The student's capabilities and performance will be assessed against the learning outcomes of the Melbourne Polytechnic subject(s) for which they are seeking Recognition of Prior Learning.

(16) The burden of evidence for a Recognition of Prior Learning application rests with the student. Evidence supporting the application must reflect the applicant or student's current levels of knowledge and skills. All evidence will be verified.

(17) Informal advice provided by Melbourne Polytechnic staff about course credit is not binding on the Institute.

Assessing and Recording Credit Transfer/Recognition of Prior Learning

(18) Credit/Recognition of Prior Learning (RPL) applications will be initially forwarded to the Head of Program for assessment and actioning.

(19) The Subject Coordinator assesses the academic suitability of the Credit Transfer/Recognition of Prior Learning against the following criteria:

- a. the [Australian Qualifications Framework](#) level of study;
- b. course/subject learning outcomes;
- c. currency of studies requirements;
- d. professional requirements (if applicable);

(20) Specified Credit Transfer is granted for equivalent formal qualifications completed within the previous ten (10) years, prior to the year of application.

(21) Formal qualifications awarded more than ten (10) years prior to the year of application, may be considered where the qualification is recognised by external registration bodies and/or where currency of learning is established.

(22) Credit Transfer may be granted for subjects undertaken on a non-award basis, approved cross-institutional studies, or as part of an approved exchange program.

(23) Credit Transfer may not be granted for a portion of a subject.

(24) Credit Transfer may not be granted for a subject that has achieved a Conceded Pass grade.

(25) Unspecified and block Credit Transfer may be granted for formal qualifications completed more than ten (10) years previous to the year of application and may include whole sections of a course and/or electives. For undergraduate courses, Credit Transfer may be granted for subjects at any year level, excepting more than 24 credit points in the final year of the course. Some courses holding professional accreditation may also prohibit granting Credit Transfer in the final year and/or for capstone subjects. See also clause 36.

(26) For postgraduate courses, students enrolled in a nested course are granted full Credit Transfer regardless of whether the previous award is conferred.

Assessing and Recording Recognition of Prior Learning

(27) If the Subject Coordinator deems the application meets all requirements for RPL/combined Credit and RPL, documentation including an academic equivalency mapping will be forwarded to the Head of Program with a recommendation for approval.

(28) When assessing international applications, the Head of Program must also reference the Australian Government's National Office for Overseas Skills Recognition (AEI-NOOSR) to determine the comparable Australian qualification and the equivalent [AQF](#) qualification level if appropriate for Recognition of Prior Learning/Credit Applications.

(29) The Head of Program checks allowable Credit Transfer limits for the applicant (see table detailing Credit Limits below) and approves Credit Transfers. All documentation is saved as per the [Records Management Policy](#) and [Records Management Procedure](#).

(30) Formal, informal, and non-formal studies are considered under Recognition of Prior Learning. See Granting Recognition of Prior Learning (RPL) below.

(31) Credit may be granted up to the value of 24 credit points for 1 – 4 years of full-time equivalent work experience, or up to 48 credit points for work experience of 5 years or more. The amount of credit granted is determined by the assessor and approved by the Director Higher Education.

(32) The decision to grant Recognition of Prior Learning rests with the Head of Program/subject coordinator qualified to teach and assess in the relevant discipline area.

(33) Applications will be assessed to ensure that previous learning is a comparable standard to the subjects within a particular Melbourne Polytechnic course.

(34) Each Recognition of Prior Learning application will be assessed against the following criteria and considerations:

Currency	<ul style="list-style-type: none"> • Must be completed within 10 years of the receipt of the credit application or • more than ten (10) years prior to the year of application, may be considered where the qualification is recognised by external registration bodies or where currency of learning is established.
Relevance	<ul style="list-style-type: none"> • Must be of a comparable level, depth, breadth and suitability. • Demonstrate achievement of the subject learning outcomes. • Demonstrate achievement of the course learning outcomes were appropriate.

(35) Recognition of Prior Learning will only be transferred to full subjects. Melbourne Polytechnic will not grant partial Recognition of Prior Learning against subjects.

(36) The amount of specified and/or unspecified credit applied cannot exceed the volume (in Effective Full-time Study

Load) of that prior learning.

(37) Melbourne Polytechnic reserves the right not to recognise part or all of all of a student's prior learning where it is not deemed equivalent, or where credit/Recognition of Prior Learning is prohibited by course rules or due to the requirements of external accreditation bodies.

(38) Evidence supplied to support Recognition of Prior Learning Applications must be:

- a. Authentic: the evidence supplied must be genuine and refer to the applicant's achievements and verifiable,
- b. Current: the evidence must demonstrate the applicant's skills, knowledge and experience acquired within the last 10 years except where the applicant's currency of learning is established,
- c. Sufficient: the quality, quantity and relevance of evidence supplied in support of the Recognition of Prior Learning application enables a judgement to be made on the applicant's competency and achievements of the course or subject learning outcomes.
- d. Valid: the evidence supplied demonstrates the skills, knowledge, experience of the applicant that aligns to the relevant subject and course learning outcomes.
 - i. If the Subject Coordinator deems the application meets all requirements for Recognition of Prior Learning/combined Credit and Recognition of Prior Learning, documentation including an academic equivalency mapping will be forwarded to the Head of Program with a recommendation for approval.
 - ii. When assessing international applications, the Head of Program must also reference the Australian Government's National Office for Overseas Skills Recognition (AEI-NOOSR) to determine the comparable Australian qualification and the equivalent [AQF](#) qualification level if appropriate for Recognition of Prior Learning/Credit Applications.

(39) If the Subject Coordinator deems the application meets all requirements for Credit/Recognition of Prior Learning/combined Credit and Recognition of Prior Learning, documentation including an academic equivalency mapping will be forwarded to the Head of Program with a recommendation for approval.

Approving Credit/Recognition of Prior Learning Applications

(40) The Head of Program checks the application to see if it abides by Credit Transfer limits (see table detailing Credit Limits below) and approves Credit Transfers. All documentation is saved as per the [Records Management Policy](#) and [Records Management Procedure](#).

(41) When assessing international applications, the Head of Program must also reference the Australian Government's National Office for Overseas Skills Recognition (AEI-NOOSR) to determine the comparable Australian qualification and the equivalent [AQF](#) qualification level if appropriate for RPL/Credit Applications.
