(10) Up until 30<sup>th</sup> June 2023, matters of academic misconduct will be addressed under the:

- a. Student Discipline Policy and the [Student Discipline Procedure](#) for all VET and Foundation courses; and the
- b. Student Academic Integrity (HE) Policy and the Student Academic Integrity (HE) Procedure for all Higher Education courses.

(11) From 1<sup>st</sup> July 2023, all suspected breaches of academic integrity will be addressed in accordance with the [Academic Integrity Policy](#) and the [Academic Integrity \(Student\) Procedure](#), unless the Chief Executive is the only person with the authority to administer the appropriate penalty to the student in connection with the student's breach of the [Academic Integrity Policy](#), in which case the matter will be dealt with by the Chief Executive under this Policy.

## Imposing penalties

(12) A Melbourne Polytechnic staff member may impose a penalty in accordance with their authority as outlined in [Schedule A](#), where they are satisfied that it is more likely than not that a student has engaged in misconduct (the balance of probabilities) and that the imposition of a penalty is warranted.

(13) The imposition of a summary penalty (that is, a penalty imposed immediately without a process such as an investigation being conducted) may be warranted where:

- a. it is necessary and reasonable for immediate action to be taken against a student in relation to misconduct or alleged misconduct by that student; or
- b. the person imposing the penalty does not consider that an investigation is necessary or that an investigation would be unreasonable in the circumstances.

(14) A student will only be suspended where the Melbourne Polytechnic staff member considers this to be necessary to maintain good order, for instance where the student's behaviour disrupts the functioning of Melbourne Polytechnic or poses a risk to any person or property.

(15) When imposing a penalty against a student in accordance with this Policy, the Melbourne Polytechnic staff member imposing the penalty may take the following factors into account when deciding on the severity of the penalty:

- a. the age and/or maturity of the student;

- the student at training regarding appropriate behaviour, and/or academic integrity;
- h. the need to deter other students from engaging in misconduct;
- i. any other relevant factor.

## **Referral for further disciplinary action**

(16) A Melbourne Polytechnic staff member may impose a penalty on a student who has been found to have engaged in misconduct and then refer the student to the appropriate Manager, Director or Executive Director for further disciplinary action if they consider it appropriate to do so.

(17) A Manager or Director may impose a penalty on a student who has been found to have engaged in serious misconduct and then refer the student to the Chief Executive or an Executive Director for further disciplinary action if they consider it appropriate to do so.

## **Reporting and recording of penalties**

(18) All penalties issues by an Authorised Person outlined in [Schedule A](#) are required to be reported within one working day of the date the penalty was issued, or as soon as practicable afterwards as prescribed within the [Student Discipline Procedure](#).

(19) A record will be kept on a student's file of any findings and penalties that have been issued, and may also result in the outcome being recorded on a student's electronic record in Melbourne Polytechnic's student management system.

## **Compensation for damage**

(20) A penalty imposed on a student may be or include a demand for compensation. Such a demand may require the student to pay to Melbourne Polytechnic compensation for damage to Melbourne Polytechnic property, or damage to other property for which Melbourne Polytechnic is liable, caused as a result of that student's misconduct.

(21) The amount of compensation to be paid as compensation shall be determined in a fair and reasonable manner by the Chief Financial Officer. The Chief Financial Officer shall issue a certificate as to the value of the property damaged as a result of that student's misconduct and the amount of compensation payable.

## **Notice of penalty and decision**

(22) Where a penalty other than a summary penalty is imposed on a student, the Melbourne Polytechnic staff member who imposes the penalty will give the student concerned notice of the penalty in writing that includes:

- a. brief details of the misconduct for which the penalty was imposed;
- b. a statement of the penalty including particulars of any compensation payable by the student to Melbourne Polytechnic;
- c. the date on which the penalty was imposed;
- d. the office at and the date by which any fine imposed must be paid (where applicable);
- e. a statement that the student may apply to the Executive Director People and Student Success for a deferment of any penalty imposed, including time in which to pay any fine or other monetary sum; and
- f. a statement that this Policy confers certain rights of appeal and should therefore be consulted by the student.

(23) Upon determination of any review or appeal against the imposition of any penalty, the student concerned shall, as soon as practicable, be given advice in writing by the Chief Executive or delegate regarding the result of the review or appeal.

## Appeals

(24) Where an Authorised Person has made an initial determination and penalty, the student may appeal the determination on the grounds that a finding is incorrect (in whole or part) or penalty is unjust (or both) by giving written notice to the Chief Executive within ten (10) business days of the date of the initial determination as outlined in the [Student Discipline Procedures](#).

(25) The Chief Executive will deal with any appeals in accordance with the [Student Discipline Procedure](#).

## Suspension of penalty

(26) Pending the determination of any review or appeal:

- a. any penalty imposed upon the student shall, at the Chief Executive or their delegate's discretion, be put off or deferred; and
- b. at the Chief Executive or their delegate's discretion, the student shall not be entitled to receive any award.

## Section 4 - Responsibility and Accountability

(27) The Chief Executive has responsibility to review disciplinary outcomes or choose to delegate such matters to a disciplinary committee at their discretion. The CE holds the final level of internal appeal available at Melbourne Polytechnic.

(28) The Executive Director People and Student Success is responsible for communicating the expected standards of behaviour required of students at orientation, and for monitoring and reporting discipline outcomes.

(29) All Melbourne Polytechnic staff who are designated as an 'Authorised Person' under this policy are responsible for investigating student disciplinary matters as appropriate, imposing appropriate penalties under the authority they hold and ensuring misconduct is reported to the responsible area within the designated timeframe as outlined in [Schedule A](#).

(30) All students have the responsibility to be aware of the expected standards of behaviour required to be demonstrated whilst studying with Melbourne Polytechnic.
