

Special Circumstances for Refunds (Certificate I-IV) Procedure

Section 1 - Purpose

(1) The purpose of this procedure is to describe the process and assign responsibility for the application of a refund for Certificate I-IV, where application is made on, or after, 28 days of the confirmed course commencement.

(2) This procedure provides a fair, equitable and transparent process for applying for and assessing applications for refund for domestic students.

Section 2 - Special Circumstances

(3) Special Circumstances are determined against the following criteria and supporting documentation:

- a. are beyond the person's control;
- b. circumstances did not make their full impact on the person until on, or after, 28 days of the confirmed course commencement for the unit of study in question; and
- c. make it impracticable for the person to complete the unit of study requirements for the period during which the person undertook, or was to undertake, the unit.
- d. the submission of the application being received within 12 months of ceasing training.

Beyond a Person's Control

(4) Circumstances that are beyond a person's control if a situation occurs that a reasonable person would consider is not due to the student's action or inaction, either direct or indirect, and for which the applicant is not responsible. The situation must be unusual, uncommon or abnormal.

Do not make their full impact on the person until on, or after, 28 days of the confirmed course commencement

(5) Circumstances that do not make their full impact on the person until on, or after, 28 days of the confirmed course commencement for the unit of study if the student's circumstances occur:

- a. before 28 days, but worsen after that date;
- b. before 28 days, but the full effect or magnitude does not become apparent until after that date; or
- c. on, or after, 28 days of the confirmed course commencement.

Make it impracticable for the person to complete the unit of study requirements

(6) Circumstances that make it impracticable for the person to complete the unit of study requirements may include:

- a. medical circumstances (for example, where a student's medical condition has changed to such an extent that he/she is unfit and unable to continue the requirements of the unit of study);

- b. family/personal circumstances (for example, death or severe medical problems within a family, or foreseen family financial difficulties, so that it is unreasonable to expect the student to continue the unit of study);
- c. employment related circumstances (for example, where a student's employment status or arrangements have changed so that the student is unable to continue his/her unit of study, and this change is beyond the student's control.
- d. course related circumstances (for example, where Melbourne Polytechnic has changed the unit of study it had offered and the student is disadvantaged by either not being able to complete the unit of study or not being given credit towards the unit of study or course).

Exceptions to Special Circumstances

(7) Special Circumstances are not considered for the following:

- a. lack of knowledge or understanding of requirements of a [Debit Success](#) Tuition Payment Plan (TPP) for students who have entered into a contract with Debit Success; or
- b. an applicant's incapacity to repay a [Debit Success](#) debt, as repayments are an agreed amount signed for, and confirmed upon enrolment
- c. lack of knowledge or understanding of requirements for applying for a refund
- d. you cannot apply for a refund for a unit of study that you have completed
